EDUCATION

B.A. in Economics | Bilkent University

Sep 2024 – Jun 2027

Ankara, Türkiye

- CGPA: 3.30/4.00.
- Relevant coursework: Linear Algebra, Econometrics, Statistical Estimation and Inference, Data Analysis for Social Sciences, Game Theory, Contract Theory and Mechanism Design.

B.Sc. in Business Administration | Bilkent University

Sep 2023 – Jun 2024

Ankara, Türkiye

- Completed first year coursework before transferring to the Department of Economics.

AWARDS AND HONORS

Merit Scholarship | Bilkent University

2026 – 2027

High Honour Student | Bilkent University

Fall 2025, Spring 2026

Honour Student | Bilkent University

Fall 2023, Spring 2025

EXPERIENCE

Research Assistant | Bilkent University Department of Economics

Jun 2026 – Present

Ankara, Türkiye | Supervisor: Dr. Mustafa Eray Yücel

- Conducted exploratory interviews about students' post-graduation uncertainty and synthesized recurring themes into 32 statements for a planned co-authored paper with Dr. Mustafa Eray Yücel.
- Preparing a Q-methodology analysis of participants' rankings of the statements to identify shared viewpoints on post-graduation uncertainty.

Internal Audit Intern | Turkish Aerospace Industries (TUSAŞ)

Jul 2026 – Aug 2026

Ankara, Türkiye

- Observed firsthand how internal audit and quality assurance processes apply IIA Standards, selected ISO standards, AS9100, IFRS requirements, risk control matrices, and project management practices.
- Used Excel and SQL for audit testing and data analysis, retrieving and combining data from multiple tables with SELECT, WHERE, JOIN, UNION, GROUP BY, HAVING, CASE, EXISTS, and aggregate functions.
- Researched practical artificial intelligence use cases in internal auditing and presented findings to the audit team.

Intern | Turkish Tax Authority, Antalya Branch

Aug 2025 – Sep 2025

Antalya, Türkiye

- Reviewed balance sheets, tax inspector reports, tax returns, and VAT refund files used in corporate tax audits.

Teaching Assistant, CS-125 Data Analysis for Social Sciences | Bilkent University

Feb 2025 – Jun 2025

Ankara, Türkiye

- Led weekly CS-125 data analysis labs and supported students with Python assignments.

PROJECT

ECON 301: Econometrics | Model Specification

Spring 2026

- Analyzed a 250-observation dataset in STATA by estimating and comparing OLS specifications; used correlations, joint significance tests, and VIF diagnostics to assess variable selection and multicollinearity.
- Detected heteroskedasticity using residual plots, Breusch–Pagan and White tests, then estimated and interpreted a weighted least squares specification.

PUBLICATION

Demirel, B., & Utku, E. U. (2026). Women's Senior Level Representation in the Public Sector, Private Sector, Politics, and Civil Society in Türkiye: A 2025 Overview. *International Journal of Economics, Politics, Humanities & Social Sciences*, 9(1), 54–86. DOI

- Collected source data used in the study's comparison of women's senior-level representation across the public sector, private sector, politics, and civil society in Türkiye.
